Specialist Portal Login	Email: lunaskinaesthetics24@gmail.com Password: krithika2026

1. Specialist Portal Operations (Dr. Krithika SK)

1.1 Logging In & iPad Setup

- Visit <https://lunaskinaesthetics.com> on any browser or iPad Safari.
- Click **Specialist Portal** in top navigation → Select **Specialist** tab.
- Enter Email: lunaskinaesthetics24@gmail.com and Password: **krithika2026**.
- *iPad Safari Tip:* Tap **Share** → **Add to Home Screen** to install as a full-screen native iPad application.

1.2 Patient Directory Roster

- Click **Patient List** on top navigation header.
- Search patient by Name, Ref ID (e.g., LSA-2026-61201), or Primary Concern.
- Click **Open Case Sheet** to view/edit medical records, or **Delete** to remove.

1.3 Creating New Patient Record

- Click + **CREATE PATIENT RECORD** button.
- Enter Name, Age, Gender, Contact, Skin Type, Primary Concern, and Allergies.
- Click **Save Record**. The system assigns a unique Ref ID (LSA-YYYY-XXXXX) and auto-assigns the record under Dr. Krithika SK.

1.4 Managing Patient Case Sheets

- **Section I (Personal Details):** Edit contact info, allergies, medications, daily skincare routine. Edits auto-save with real-time *Draft Saved* indicator.
- **Section II (Diagnostic Analysis):** Select Skin Type, check clinical concerns (Hyperpigmentation, Acne Grade 1-4, Elasticity, Dehydration), and input Practitioner Observations.
- **Section III (Protocol & Prescriptions):** Edit 3-Phase Corrective Plans. Click + *Add Procedure* for history or + *Prescribe Product* to prescribe skincare units.
- **Section IV (Therapy Timeline Logs):** Click + *Add Log Entry* after each session to record Date, Therapy, Client Reaction, and Notes.

- **Section V (Appointment Scheduler):** View appointments or click *Schedule Follow-up* to pick date, time slot, and purpose.
- **Section VI (Clinical Photography):** Upload high-resolution *Before* and *After* photos. Drag the *Split Drag Slider* to compare progress side-by-side.

1.5 Protocol Verification & PDF Export

- Scroll to **Protocol Verification & Sign-off** → Click **Verify & Sign Protocol** to lock file with digital hash #882-LUNA-SAFE-921.
- Click **Export PDF** on top action bar to print or save a PDF copy for medical records.

2. Appointment System & Google Calendar Sync

- **Purple Appointment Dots:** Calendar days render dots on days with client visits. Click any date to open the Day Schedule panel.
- **Automated Email Alerts:** Every appointment request dispatches email notifications to **lunaskinaesthetics24@gmail.com**.
- **SMS Notifications:** Instant SMS alerts logged to Clinic phone **9025676090**.
- **Google Calendar Sync:** Booking confirmations render a direct **Add to Google Calendar** link and a downloadable **.ics Calendar File**.

3. Patient Portal & Landing Page Experience

- **Patient Self-Registration:** Clients register via *New Client Registration* button and log in to view personal skincare routines and appointment status.
- **Interactive Skincare Assessor:** Homepage visitors select Skin Type and Main Concern for instant clinical regimen recommendations.
- **Before/After Photo Comparison Slider:** Visual demonstration of non-invasive clinical results.

4. Clinic Settings & Theme Customization

- **Clinic Settings (■■■):** Edit Clinic Name, Lead Dermatologist, License ID, Address, Phone, or Email.
- **Theme Switcher (■/■■■):** Toggle between Luminous Light Mode and Sleek Dark Mode.
- **Data Persistence:** All edits auto-save to *data/patients.json* and browser local storage for complete offline/serverless continuity.
